Dear Mr. Weisberg,

I just finished reading your latest book, Case Open. I am glad that you have come forward to refute Mr. Posner's "evidence." However, it saddens me to see [illegible] receives all the publicity and the accolades while very few people are aware of your book. In fact, Case Open is the first of your books I have read since Whitewash and Whitewash II. Actually, Case Open is the first of your books I have seen in a book store since Whitewash II. Why does the media promote Mr. Posner's lies while ignoring your facts? What does the media have to gain by supporting the Warren Commission and people like Mr. Posner? The media loves to criticize public officials and dig out the facts in all types of scandals. Has there ever been a bigger scandal in recent American history than the Warren Commission? One would think the media would dig into the facts surrounding the JFK assassination, but instead they go the opposite way. They go so far as to label anyone who criticizes the Warren Commission as a "Kook" or a "nut." After thirty years, I still have not been able to understand this.

I was in the tenth grade at the time President Kennedy was killed. I am [illegible] in the New York City school system. I never believed the Warren Commission fairy tale. Over the years I have tried to read everything I could about the assassination. As you know, many of the books written about that event are not very good. However, I have read and re-read Whitewash and Whitewash II. I have always felt that your books not only stand out above the rest, but you have, without a doubt (especially with the photographic evidence in Whitewash II),

proven that Oswald could not have been the assassin. Again, I do not understand why the general public is not aware of this, and is led to believe, via the media, the garbage in Mr. Posner's book.

I would very much like to read your other books on the assassination, specifically Photographic Whitewash: Suppressed Kennedy Assassination Pictures, Oswald in New Orleans: the Case for Conspiracy with the CIA, Whitewash IV: JFK Top Secret Assassination Transcript, and Post Mortem: JFK Assassination Cover-up Smashed. Please tell me how much it would cost to order these four books.

I am sorry to read that your health is not good. I hope you are feeling better and continue your good work. I hope to hear from you soon, and I look forward to your next book.

Respectfully,
Kenneth Schebendach
